SPECTATORS

in

Little League Baseball

Must realize that to win **is not** the prime objective in Little League Baseball.

Must realize that the youngsters in the game are children and if they make an error or a bad play they feel worse than anyone. Make cheering positive.

Must realize that the umpire is closest to the play and that he calls them as he sees them. Remember in the majority of cases he is just a volunteer worker interested in young boys.

Should learn the rules and regulations of the game so that they can fully enjoy Little League games.

Should acquaint themselves with the philosophy of Little League to appreciate the purposes and aims of the program.

Who are critical of some phases of the program should either volunteer their services or talk with the proper authorities and officials and let them know their views.

If you are a parent as well as a spectator remember that what your boy does on the field performance wise, is no reflection upon you. You shouldn't feel distressed if the boy makes an error or plays poorly. However it is also true that if the boy plays well the parent should not take credit although there is no doubt that there will be a feeling of great pride.

Spectators must realize that they are an integral part of the game and with their enthusiasm or apathy can add or detract from the spirit of the game.

In Little League a GOOD SPECTATOR:

Applauds a good play.

Encourages greater effort.

Congratulates the winner.

Praises the loser.

ENOYS THE GAME FOR WHAT IT IS.
